Student Comments for ILYES, EMESE for Fall 2015

Course	Comments
PSYCH 22000 Sec: 01	you're the sweetest more understanding professor in Hunter. i enjoyed every minute of your class.
	Professor was great, she always kept class interesting. The professor also taught this class in a very interesting and different way which made it more intriguing and I felt more engaged.
	Amazing class! Outstanding professor in every way!
	A fun interactive teacher that challenges the student intellectual.
	Thank you so much prof. Emese. You did an excellent job in teaching the class.
	She's very sweet and understanding. Knows her stuff!
	One of the best classes I have taken. The format of the class pushed me to not only learn about the different personality theorists, but to also question why only certain theorists are talked about today.

Student Comments for ILYES, EMESE for Fall 2016

Course	Comments
PSYCH 22000 Sec: 01	Unique and Interesting style. Has passion for Personality Psychology and those her best to make class fun,stimulating, informative,practical. While I think the Professor is of quality the time given to cover the material is too short. The number of students is too big for the amount of time slotted for each class. Professor continue your excellent work.
	One of my favorite courses taken throughout my time at Hunter. Amazing professor, but most importantly, amazing person.
	The overall contents of the course was very engaging and I loved that the Professor made that happen in our class. It was a joy taking this course!

Student Comments for ILYES, EMESE for Spring 2016

Course	Comments
PSYCH 22000 Sec: 01	It was a great experience to be in this class.
	I honestly did not know what to expect when I walked into your personality class but I am really touched at the amount of work you put in for your students. For example, you go above and beyond and actually care about us unlike some other professors here at the college. You also made the course more interesting and I feel this is a course that could get boring pretty quickly if it were not for the stimulating class discussions and reflections. Thank you for a great semester and I would definitely take another class with you in the future.
	Professor Ilyes ia a great teacher! She is super sweet and nice, and I love how in the middle of the semester she asked for student feedback on the course, and actually made changes based on it. I really liked her energy, especially at 8 in the morning, and would recommend her. The only thing I would say to change, would be to change the articles assigned, they are very dense and hard to read.
	This class was nothing I had expected (that's a good thing!). Everyday in this class was very engaging, thought provoking, and so open. I loved that it wasn't organized as a basic lecture and exam course with the same routine schedule every class day. The papers we were given were all very interesting, and lengthy, (sometimes a bit annoying and dreadful to get through), but understandable because there are so many great theories and ideas in personality psychology that you can't say in a few words. However, I thought the weekly papers were a bit much and they got very tiring after a while. But, I appreciated that day so much where we spent the class trying to rearrange the syllabus to how we the students seemed fit. I love how you were so flexible and willing to work with us to lessen the amount of papers we had to write. I definitely would recommend students to take this class. Thank you so much for an amazing semester!
	I was nervous and overwhelmed at the beginning when the material that was going to be covered was presented. After a few weeks I got the hang of it. The professor is very organized and always makes sure to communicate with her students, which i think is very important so that everybody is on track. The professor was always open to new ideas. Over all i enjoyed taking this course and would recomend it to any of my friends.
	One of the best teachers I've ever had, great class and super nice/intelligent
	Great professor who is understandable to her students and intellectually challenged us.
	I enjoy very much the reading, and the reflections that was done for the course. Made me understand the theorize and the subject all by myself, keep up doing the group work in class so we can share our thoughts on the reading. Loved the course!
	One of the best instructors I have ever had. She was very clear and precise and showed genuine care towards each students performance. She gave us plenty chances to boost out grades and that was appreciated. She was very understanding. One of the best.
	This is an excellent class, plus the professor is awesome
	You are a good instructor but i think the articles that mkeup the course should have more variety/ less critical psychology.
	Professor Ilyes is a great Professor, who is very passionate about her work. She made me look at Personality Psychology and in general the world more critically! I am grateful for her unique approach which is not based on exams but rather on the individuals understanding of the material in either a written essay format or during the class discussions. I would recommend Professor Ilyes and would love to take other classes with her as well.
	No comments- I dropped out of this course.
	Really an amazing teacher if the class had been a little later I would've definitely taken more advantage of it. Regardless of how I do in the class I acknowledge that she was an amazing professor and even adjusted the syllabus numerous times to adhere to how the students were doing in the class. Good job -malik

PSYCH 17000 Sec: 05	The prof was amazing !! She got me so interested in this subject !!
	You are a very fun and knowlegable professor who I can tell really enjoys her line of work,I loved this course and the outline of it, but would of loved to learn more about the things that you know and have personally learned over the years as well as more speakers, not always have group discussions where a lot of the times the topics steered into different directions.
	Great professor over all
	She is a great professor who engages students and works with them .Her adaptive pedagogy and multi modal instruction methods make her class a joy to participate in .
	Great course and great professor to go with it. She is very good at what she teaches I learned so much from her class in a respectful way and she is very organized and she keeps class very interested. I loved her class and the way she teaches her students.

Student Comments for ILYES, EMESE for Summer 2016

Course	Comments
PSYCH 22000 Sec: 02	This was an excellent course. I thought it was going to be difficult and boring but I was surprised at how engaging it was. Prof. Ilyes worked very hard to make this an enjoyable and educational experience for the students. I particularly liked the exercises and assignments she used to help us understand the material. Thanks to this course, I have become genuinely interested in personality and psychology. Prof. Ilyes was very encouraging and open to students' thoughts and points of view. She encouraged us to think critically and form our own opinions. She is very fair and transparent in the way she conducts the class. The assigned reading were well-selected and thought-provoking. This was one of the best experiences I have had at college level.
	Emese is a very motivated and outgoing person who happens to be knowledgeable in the field as well. This class is not a traditional lecture format, which was something I dreaded at first, but it turned out to go very well. The one problem I had was that this a summer class, so she should consider the timeline for readings and stuff (as well as the length of them) and also try to give an additional day for research. Overall, she was an amazing professor.
	Changed my life. 10/10 would recommend instructor and course.
	Awesome experience as a class, especially with great teacher guidance!
	She is amazing very friendly but serious about her lessons and always very professional.

Student Comments for ILYES, EMESE for Summer 2017

Course	Comments
PSYCH 22300 Sec: 01	I absolutely enjoyed learning about Abnormal Psychology. Professor Ilyes is one of the most caring, bubbly and intellectual teachers I've ever had!
	I got so much out of your class. I wish there were more professors like you. I wish you the best of luck and hope you continue to teach for many many years! Thank you!
	Great professor! Would take her again and would recommend her to my friends.
	Emese is one of the best professors I have had at Hunter. She is incredibly kind and respectful of all students and our opinions, especially in such a personal class. She pushes us to participate, but will not make us do something we are uncomfortable with. She always responds to emails in a timely fashion. She is exciting and fun to learn from in class. She approaches class with an attitude of looking to learn something from us as well, which is something the I respect so very much in a professor! She puts up videos and articles for us to take a look at for extra information on topics we talk about in class. She gives a decent amount of assignments, but her grading is very fair! Overall, one of the best professors at the college! I would absolutely recommend her classes and her teaching style to all of my friends!
PSYCH 17000 Sec: 01	Very nice instructor, supplemental readings were very good and made me more interested in the topic. Thank you for a great class and being understanding of our opinions.
	One of the best professors I've ever had through out my four years college career. I wish more professors were like her.
	One of the best professors at Hunter! Great human being! Extremely helpful professor! Totally increased my interest in sexuality!
	Best class I have taken so far, with the sweetest professor ever on one of the most controversial topics nowadays.
	Thank you professor for making this class so interesting, fun and informative. I have learnt a lot from this class because of you and the readings. Thank you so much.
	Smear was truly such a great professor. She made class very interesting and fun and I totally loved having this summer class with her teaching and readings. A+ to her.
	Best Class I have taken so far. Very very interesting class and learned tons!
